Product highlights

24 carat gold-plated connector

24 carat gold-plated connectors ensure the best signal quality for your components.

99.97% OFC solid conductor

99.97% Oxygen-free copper (OFC) cable core provides optimum signal quality.

HDCP Compliant

High-bandwidth Digital Content Protection (HDCP) allows you to play protected content media such as movies and concerts. It checks the signal to prevent piracy, allowing only legal copies of content to display.

Copper-braided shielding

This protective layer of copper blocks radio frequency interference for improved signal quality.

100% aluminium shielding

This protective layer of aluminium guards against electromagnetic interference for improved signal quality.

Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

Plug and play

Plug and play offers easy installation of components without time-consuming installations.

Heavy-duty brass shell

The heavy-duty brass shell protects the internal connection of the cable. It ensures durability and the reliability of your connection.
